Release of Social Security Number and Exchange of Information

Adult Education in Maine is required by Title II of the Workforce Innovation and Opportunity Act to report how many adult learners:

- Are employed after attending adult education and/or
- Have entered college or a training program after attending adult education

Federal funds are used to pay for some of our classes including reading, writing, math, high school equivalency and high school diploma courses. Gathering employment and post-secondary education information is needed to receive the funding that pays for this part of adult education.

To get this information, this adult education program will use your Social Security Number to match adult education enrollment records with employment and post-secondary records with the agencies listed below.

- The Maine Department of Labor - To report how many adults from Maine Adult Education Programs are employed. The data match does not identify you by name or where you work.
- The National Student Clearinghouse - To report how many adults from Maine Adult Education Programs are enrolled in post-secondary institutions.

We are asking you to sign this form giving us permission to use your Social Security Number for a data match in order to obtain the information we need for federal reporting.

The Information obtained by the Department of Education will be used for the sole purpose of data match reporting and will not be shared with other individuals of agencies without your written permission. All data used to conduct the data match will be purged from the Department of Labor system after the report is complete.

I give permission to use my Social Security Number:

Thank you for registering in a workforce training program at Mid-Coast School of Technology.

Whether or not you are taking this course for professional advancement, we are asking you to complete the attached forms and to answer some basic demographic questions. The answers to these questions are used by the Department of Education to determine the need for these programs in our community. Because of this, we are unable to complete student registrations without the answers to these questions. If you don't provide them, we end up answering to the best of our ability, and these inaccurate responses throw off planning for rural communities such as ours.

Federal funding for Adult Education supports many of our programs and we appreciate your help in providing important programs to all members of our community. Please let us know if you need any assistance with the forms or have any questions in regard to your classes at MCST. You can reach us at 207-596-7752 x 3 or adulthood@mcst.tec.me.us.
