

# Watercolor Painting

## SUPPLY LIST

Hello fellow artists,

I'm looking forward to meeting you all soon and in preparation for class, here is a suggested list of materials to have on hand. (Get the best quality of materials you can afford. Quality is more important than quantity.)

Paper: 140lb hot or cold pressed (hot pressed is smoother, most people often start with cold pressed)

Paint: Two shades of red (such as vermilion and alizarin), two shades of blue (such as ultramarine and prussian), three shades of yellow (lemon, golden, and ochre), black and white.

Painting board/artists tape/cloths/water pots/large and small brushes/hair dryer for quick drying/and an apron if you're messy like me!

See you soon! - Audrey McGlashan
